## LOCATION & HIGHLIGHTS

- Yingkou is a coastal prefecture-level city in Liaoning province in the Northeast China with a population of around 2.4 million people. Yingkou is the first city in China to set up modern industry, and an industrial base of metallurgical and petrochemical equipment manufacturing. The Port of Yingkou is an international seaport ranking 8th largest port in China and the 12th largest port in the world. As part of Belt and Road efforts, the port also operates railway routes to Moscow, Russia and Warsaw, Poland.
- With companies like Tata Motors, Anheuser-Busch, Coca-Cola, Foxconn, Mahle Group and a total foreign investment volume of USD 140 million (2019), the region is one of the most dynamic locations for investment and business.

# KEY INDUSTRY SECTORS

### Metals & Mineral Processing
Yingkou is a host to China's one of the most important bases for aluminum and steel processing industry. In addition, the magnesium products manufactured in Yingkou account for nearly 90% of the market share in China. Leading alumina and steel giants such as Ansteel Group, China Minmetals and Bosai Group operate their manufacturing bases in Yingkou.

### Petrochemicals
Yingkou is home to multiple petrochemical enterprises that dominate market segments in China as well as in the world. Examples include China National Offshore Oil Corporation (CNOOC), Fuchs Petrolub, Evonik Industries, Amer Group and Hengli Group.

### Logistics
Yingkou is home to over 6000 domestic and international logistics enterprises that contribute to the formation of wide-scope logistics economy. Yingkou International seaport highlights a leading role in maritime logistics and trade in northeast China and Northeast Asian countries.

### Food & Beverages
Yingkou has proven to be the most attractive investment location for Food & Beverage companies with multi-billion dollar investments from Coca-Cola, Anheuser-Busch, Taikoo Sugar and Infinitus. The "Sino-Russian Food Corridor" settled in Yingkou is estimated to further boost the industry.

### High-End Manufacturing
Yingkou is home to many leading innovative-driven advanced manufacturing companies out of electronics & robotics and automotive components sectors. Enterprises such as Foxconn, Mahle Group and PanPan Group have chosen to locate their manufacturing & development bases in Yingkou.

# LABOR FORCE

There are 3 colleges and 15 vocational schools with over 30 thousand graduates each year with various different majors, which can provide talent for local companies. In addition, nationally top-ranked universities and institutes such as Dalian University of Technology, Northeastern University and Dalian Maritime University are located in the neighboring cities of Dalian and Shenyang.

# CULTURE

Yingkou is rich in mineral resources. 39 types of major mineral reserves have been verified, in which reserves for magnesite ranks the first in Asia, earning the title of "China's Capital of Magnesium". Located on the Bohai Bay, Yingkou has a long history of hot springs and mineral baths that are well-known for their medical properties and health benefits.

Yingkou is endowed with picturesque landscapes and pleasant climate with four distinct seasons without severe cold and intense heat. With 44% forest coverage, the city has been listed as the "National Forest City". In addition, it is the only city in Mainland China where the setting sun falls down the sea horizon.

Yingkou is characterized as the "Rich Land of the North", it is famous for its rice, fruit, aquatic products and liquor. 80% of the production and sales of jellyfish in China originate from Yingkou.

The beautiful coastal city has become an important growth contributor in Northeast China and has been selected as one of "The most suitable Chinese cities for living, business and tourism" for consecutive years.
